EXPERIENCE

Middle UI/UX Designer

SBT SOLUTION

October 2023 - till now

Responsible for conducting user research, creating wireframes, prototypes, and designing intuitive, visually engaging interfaces. Working with and developing design systems to ensure consistency across products. Collaborating with developers and product teams to ensure seamless implementation and user-centered design. Iterating on designs based on feedback and data insights while optimizing usability. Staying up to date with industry trends to enhance user experiences and drive innovation.

Junior UI/UX Design

SBT SOLUTION

July 2023 - October 2023

Responsible for assisting in user research, crafting wireframes, and developing prototypes to create intuitive and visually appealing interfaces. Collaborating closely with designers, developers, and product teams to ensure smooth implementation and user-centered design solutions. Refining designs based on feedback and data insights while maintaining consistency and enhancing usability. Continuously learning and staying updated with industry trends to contribute to innovative and engaging user experiences.

Freelance Designer

September 2022- July 2023

Collaborating with clients to create custom designs that meet their needs and expectations. I am responsible for managing my own time and workload, and am skilled in communication and project management to ensure that projects are completed on time and to the client's satisfaction.
